Decoder Manual
Welcome to your new HD+ Decoder! This User Manual will help you install your new HD+ Decoder correctly to benefit from the great HD TV programmes available on HD+.
Connect your HD+ Decoder to your TV

The FeeliFeeli Experience:
A new definition of entertainment.
Welcome! Your new HD+ Decoder guarantees you a razor sharp high-definition TV experience with an integrated 7-Day Electronic Program Guide.

Note that your HD+ account will have to be activated first in order to access all the HD+ channels. Simply dial the HD+ USSD code *879# and follow the prompts to activate your account.

1. If you are installing the HD+ Decoder for the first time, refer to the diagram on the previous page on how to connect your HD+ Decoder to your TV, antenna cable and power outlet.

2. Turn on your TV and switch the input signal to your connected HD+ Decoder as described in your TV manual.

3. The First Installation will start automatically. Your HD+ Decoder will scan for TV channels, and sort them for you into the channel list for Ghana.

4. If you have any difficulties with the first installation, please follow the instructions on screen.

Please note that this Ghana HD+ Decoder is only authorised for use within Ghana and is not authorised for use in other territories.
